

# PUBLIC MEETING

---

## BAN PRIVATE HELIPADS IN YOUR SUBURB

---

**7.00pm this Thursday 10th July**  
**Hawke Sea Scout Hall, 55 West End Road**

---

Three independent commissioners recently decided that private use helicopters are a permitted activity in residential zones. Much like a bike or a car.

This could mean anyone can land a helicopter in your neighbourhood, without a resource consent, as long as they claim they meet the noise standards. **It would be up to you to prove the helicopter doesn't meet noise standards.**

This affects ALL coastal suburbs — Pt Chevalier, Westmere, Coxs Bay, Herne Bay, St Marys Bay, Parnell, Birkenhead, Northcote, Takapuna, Te Atatū Peninsula, Hobsonville Point, Howick, Orewa, Red Beach, etc.

Auckland has become the only modern city in the world permitting helicopters as of right in a residential area. Sydney, New York and Los Angeles have banned private use helicopters.

Mike Lee, Councillor for Auckland, will talk about his upcoming Notice of Motion (NOM) to ban private use helicopters in residential areas at the next Auckland Council Planning Committee meeting on the 24th of July.

At the meeting we will discuss how you can help fight this absurd decision and make sure this Notice of Motion succeeds.

Quiet Sky Waitematā supports the use of rescue and police helicopters for public benefit.
